AOO HOT TOPICS:

FHWA Juneau Access Draft SEIS

FHWA has released the Draft SEIS for the Juneau Access Improvements Project. EPA is a cooperating agency. FHWA has identified the same alternative (2B Katzahein Ferry on the east side of Lynn Canal) as its preferred alternative. Comments are due November 10, 2014.

BLM GMT-1 Final EIS

Cooperating Agencies were just informed of a possible delay to the Final EIS (and 404) schedule due to a preliminary decision by BLM to deny CPAI's December 2013 request for a variance in royalty measurement. Decision may necessitate additional equipment and fill at GMT-1 pad. BLM anticipates having additional information regarding this issue in the next week or so.
